

Window cleaning made easy.

The WV 50 is Kärcher's first window vacuum. Smooth surfaces such as windows, tiles, mirrors, etc. are cleaned without streaks in no time at all. The innovative water suction system takes up dirty water before it drips. The WV 50 thus makes it possible to work hygienically without leaving streaks. It is very easy to use and since it is battery-operated it can be used at any time in any place.

For all smooth surfaces

Windows, mirrors, tiles, etc. are effortlessly cleaned with the WV 50.

Water recovery

The WV 50 quickly vacuums dirty water from the surface for a streak-free finish without any dripping.

Easy to use

The battery-operation and compact construction make flexible use and ergonomic cleaning possible.

Versatile applications

The WV 50 can be used on all smooth surfaces.
